2020：中国红基会风雨兼程创造辉煌

2020: CRCF Makes Great Achievements Amid Hardship

中国红十字基金会理事长 郭长江
Mr. Guo Changjiang
President of the Chinese Red Cross Foundation

2020 年是极不平凡的一年，在以习近平总书记为核心的党中央坚强领导下，全面建成小康社会取得伟大历史性成就，脱贫攻坚目标任务如期完成，“十三五”规划圆满收官。2020 年是难忘的一年，在中国红十字会总会安排部署下，我们不畏艰险，扛起责任，全面实施抗疫系列人道行动，统筹推进脱贫攻坚、防汛救灾、医疗救助等人道事业，始终奋战在应急救护、人道救助、国际救援第一线，年度公益支出 23.7 亿元，以实际行动践行“人道博爱奉献”的红十字精神和人类命运共同体思想，在这不平凡的年份创造了不寻常的辉煌。

这一年，我们不舍昼夜，守护人的生命与健康。新冠肺炎疫情来势汹汹，我们将人民至上、生命至上的责任扛在肩上，全体同仁放弃休假、日夜坚守，赴鄂工作团队逆行出征。“中国红十字基金会群防群控救在身边”特别行动募集款物 19.78 亿元，全方位对接抗疫急需，捐赠款物执行率 99.9%，让每一份爱心善意都及时得到落实。

疫情加剧了国际人道需求，我们高举人道旗帜，义无反顾伸出援手。中

2020 was a momentous year. In the year, under the strong leadership of the Central Committee of the Communist Party of China with Comrade Xi Jinping at its core, China made historic achievements in the building of a moderately prosperous society in all respects, fulfilled the goals of key battles to eradicate poverty on schedule, and concluded the 13th Five-Year Plan with great success. 2020 was also an unforgettable year. Guided by the arrangements made by the Red Cross Society of China (RCSC), we Chinese Red Cross Foundation (CRCF) took holistic anti-epidemic humanitarian actions with a sense of responsibility amid hardship, and advanced humanitarian efforts across key battles to poverty alleviation, flood prevention, disaster relief and medical aid. As an organization committed to the front lines of emergency rescue, humanitarian aid and international rescue, CRCF registered RMB 2.37 billion in annual expenditure for public good, and put in place the Red Cross's fundamental principles of "Humanity, Fraternity and Devotion" and the philosophy of fostering a community with a shared future for mankind, with concrete actions. This is how we won reflected glory in the extraordinary year.

The year saw us protect people's lives and health day and night. Faced with the menacing COVID-19 outbreak, with the philosophy of "Putting People and Their Lives above Anything Else" in mind, all of our members stuck to their posts by canceling all leave, and set up a team to march into Hubei Province, the eye of storm, despite enormous risks. Beyond that, the "CRCF Epidemic Prevention and Control around You" special campaign raised money and supplies totaling RMB 1.978 billion, and successfully delivered 99.9% of them to make available what the drive to fight COVID-19 urgently needed. By doing so, we promptly satisfied every donator's desire to show love.

In view of higher demands for international humanitarian rescue arising from COVID-19, we lent a helping hand without hesitation under the flag of humanitarianism. In line with the foreign aid arrangements made by RCSC, CRCF established the International Anti-epidemic Humanitarian Aid Foundation to deliver emergency anti-epidemic supplies to 44 countries across 5 continents.

The year saw us sustain our efforts to help fight key battles against poverty. By transforming the "Red Cross Crowd-funding Competition for Poverty Alleviation" into "Charity Kitchen", a sustainable, normalized, and accessible public welfare project, CRCF helped with the sales of agricultural products totaling over RMB 37 million by covering the last mile of manufacturer-distributor partnering. Our consumption-based poverty alleviation program aided 108,000 persons of 36,000 households in a targeted

国红十字基金会落实总会援外部署，设立“国际抗疫人道援助基金”，向 44 个国家提供抗疫紧急人道物资，人道援助足迹横跨五大洲。

这一年，我们继续积极助力脱贫攻坚。“红十字众筹扶贫大赛”向可持续、常态化、人人可及的“公益厨房”项目转型，打通产销对接最后一公里，助销农产品 3700 多万元。红十字消费扶贫受益面覆盖全国 217 个贫困县，精准帮扶 3.6 万户、10.8 万人。传递“消费即扶贫，购买即公益”的理念，将优质农产品孵化为“红品”，使其成为链接城市与乡村的温暖纽带。

这一年，我们闻“汛”而动，奔赴抗洪救灾的战场。持续开展中国红十字基金会“天使之旅——2020 抗洪行动”，派出 9 批工作组，向湖北、安徽、江西等 9 个受灾省份提供支援，发放 22338 只赈济家庭箱，保障受灾群众有尊严地度过应急生活。

这一年，我们继续扎实推进常态化人道救助事业。救助贫困白血病、先心病患儿 5600 人，实现“十三五”彩票公益金项目圆满收官。积极推动罕见病救助，持续实施唇腭裂、再障、地贫等重症患者救助。心梗急救和慢病管理受益人数突破 500 万人。新立项援建博爱卫生院站 61 所，援建博爱学校、校医室、未来教室共 43 所。具备条件的 5A 景区红十字救护站项目实现全覆盖，在国庆“黄金周”等人流密集假期中发挥了积极作用。

一年来，许多人和事感动着我们。李俊岭等红十字志愿者积极投身防疫消杀志愿服务，在湖北 6 个城市抗疫一线执行防疫消杀任务，转身又奔赴抗洪的战场；中国红十字转运队在武汉疫情最严重时转运患者和重症患者，成为“新冠”时期的生命摆渡人；福建首位“抗疫”血浆捐献志愿者胡女士、把自己“吃胖”6 斤后顺利捐献恢复期血浆的 90 后曹女士、15 天内两次捐献血浆的 46 岁护士蔡女士等数百位血浆捐献志愿者用最宝贵的方式撒播生命的火种……每一位普通人，都以自己力所能及的行动诠释着红十字精神特有的内涵。

2020 年，也是我们不断加强能力建设和队伍建设，内部治理水平和公信力迈上新台阶的一年。中国红十字基金会高分通过 SGS 全球社会组织对标审核认证，成为国内唯一一家通过 SGS 社会组织对标审核和 ISO9001 质

way across 217 impoverished counties all over the country. In this connection, by communicating the philosophy of “Consumption Helps Poverty Alleviation, Purchase Helps Public Benefits”, we grew excellent agricultural products into “Red Cross-labeled products” that serve as a warm link-up between cities and rural areas.

The year saw we responsively rushed for flood fighting. Amid our commitment to the Angel's Journey: Flood Fighting Initiative 2020, CRCF dispatched 9 working groups to 9 flood-stricken provinces including Hubei, Anhui and Jiangxi, and issued 22,338 family relief boxes, as a way to enable affected people to live through the disaster with dignity.

In the year, we renewed our commitment to regular humanitarian aid. To this end, CRCF helped 5,600 children with leukemia or congenital heart diseases from impoverished families, and concluded with great success the lottery-based public welfare fund projects launched in the “13th Five-Year Plan” period. We worked actively to help patients with rare or serious diseases like cleft lip or palate, aplastic anemia or Mediterranean anemia, and benefited more than 5 million patients through emergency treatment of myocardial infarction and chronic disease management. We initiated and aided in the construction of 61 fraternity clinics and stations, and 43 fraternity schools, fraternity school clinics, future classrooms, etc. We have achieved the full coverage of Red Cross First Aid Station in qualified 5A scenic spots, which played a positive role during the “Golden Week” holiday.

Many people did many moving things under the flag of Red Cross in 2020. Red Cross volunteers, represented by Li Junling, got actively involved in volunteering services of anti-epidemic disinfection. They performed anti-epidemic disinfection tasks on the front line of fighting COVID-19 in 6 cities of Hubei, and then went to the battle of flood fighting. At the moment when the epidemic peaked in Wuhan, the China Red Cross Transfer Fleet worked to transfer critically ill patients, serving as a life-saving ferryman in that difficult time. Hundreds of plasma donators enlightened others' lives in a most precious way. For example, Ms. Hu, who took the lead to donate plasmas in Fujian, gave convalescent plasmas to Cao, a post-90s woman, after overeating to gain an additional weight of 6 jin; Ms. Cai, a 46-year-old nurse, donated plasmas twice within 15 days. Each and every of these volunteers interpreted what the distinct Red Cross spirit is like, with whatever they could offer.

Throughout the year, we endeavored to do more to improve our capacity and team in ways that enabled

量管理体系双重认证的全国性基金会。我们还荣获年度“中央和国家机关创建模范机关先进单位”“中国红十字会抗击新冠肺炎疫情先进集体”“2020中国慈善榜年度榜样基金会”“年度透明基金会”等称号。

2021年是中国共产党成立100周年，是“十四五”开局之年，也是全面建设社会主义现代化国家新征程开启之年。新征程，是中国发展的新征程，也是中国红十字基金会继往开来、踏上高质量发展的新征程。中国红十字基金会将以习近平新时代中国特色社会主义思想为指导，不忘初心、牢记使命，更加充分发挥红十字在人道领域联系群众的桥梁纽带作用。

2021年，我们要聚焦红十字会法定职责，优化人道服务内涵，打造品牌项目矩阵，推进人道救助及人道服务工作高质量发展。加强顶层设计，推进机构治理现代化。加强专业能力建设，全面提升团队专业化水平，打造基金会核心竞争力。要顺应数字化发展趋势，提高机构信息化建设水平，为全方位创新发展注入新动能，拓展新空间。进一步加强党的领导和作风建设，提高机构风险管理水平。

既然选择了远方，便只顾风雨兼程。站在一个历史新起点上，我们应该更加充满自信、意气风发地奔向未来。让我们胸怀使命、继续奋斗，以更昂扬的精神、更开放的姿态、更专业的能力在新征程上创造新的辉煌。

our internal governance and public credibility to be better. By passing the SGS global social organization benchmarking audit and certification with a high mark, CRCF became China's only national foundation that has passed both the SGS global social organization benchmarking audit and certification and ISO9001 quality management system certification. On top of that, we were titled "Developing Model Government Offices across Central and State Organs: Advanced Unit", "RCSC Drive to Fight COVID-19: Advanced Collective", "China Charity Ranking 2020: Annual Model Foundation" and "Annual Transparent Foundation". 2021 marks the 100th anniversary of the founding of the Communist Party of China and the first year of the "14th Five-Year Plan" period. Also, it represents the starting point of a new journey to building China into a modern socialist country in all respects. In the new journey, CRCF will seek high-quality development building on past successes amid the development of China. To this end, guided by Xi Jinping New Thought on Socialism with Chinese Characteristics for a New Era, we will stay true to our founding mission, and bring into play the Red Cross's role as a link-up to the public in the humanitarian community, more effectively.

In 2021, by focusing on the statutory duties of RCSC, we will enrich implications of humanitarian service, develop a brand and project matrix, and boost the high-quality development of humanitarian aid and service. Also, we will fuel the modernization of our institutional governance through enhanced top-level design, and do more to build our professional capacity and add to the professionalism of our team across the board, thereby developing the core competitiveness of CRCF. As a step to ride the trend of digital development, we will work harder on the information-based development of CRCF, inject impetus into and explore new space for the all-directional, innovation-driven development of the organization. Beyond that, we will look to improve risk management within CRCF by strengthening Party leadership and improving Party conduct.

For the longed goal, I shall go despite wind and rain. Standing at a new, historic starting point, we need to head for a bright future with confidence and high spirits. With CRCF's mission in mind, let's keep on working to win greater glory on the new journey building on tremendous spirit, openness and professionalism.

——中国红十字基金会“群防群控救在身边”抗疫行动

“CRCF Epidemic Prevention and Control around You” Special Campaign

2020 年，新冠肺炎疫情席卷全球。面对史无前例的巨大考验，中国红十字基金会坚决贯彻落实习近平总书记重要指示精神和党中央决策部署，按照中国红十字会总会疫情防控部署要求，启动“群防群控救在身边”抗疫行动，实施规模空前的人道资源动员，紧急募集款物支持防控急需。截至 2020 年 12 月 31 日，中国红十字基金会（以下简称“中国红基会”）为抗击新冠肺炎疫情共募集社会捐赠款物 19.78 亿元，社会捐赠款物执行率达 99.9%。

中国红基会在这场疫情防控阻击战中，从武汉到全国，从国内到国际，始终奋战在应急救护、人道救助、国际救援第一线，全方位对接抗疫急需，实施抗疫系列人道行动，以实际行动践行“人道博爱奉献”的红十字精神和人类命运共同体思想，在大疫大考中交出了合格答卷。

（一）积极开展疫情防控一线工作者人道救助

面对突如其来的新冠肺炎疫情，医务工作者等一线工作者坚守岗位，战斗在抗疫最前线。在与病毒的“战争”中，医务工作者等疫情防控一线工作者付出了巨大的努力与牺牲。

在字节跳动、飞鹤乳业、用友、香飘飘食品、必和必拓等企业支持下，中国红基会安排 5.68 亿元对疫情防控一线工作者进行人道救助。其中对 3670 名感染医务工作者发放人道救助金合计 3.67 亿元，对 64 名殉职医务工作者家属发放人道救助金合计 6747.8 万元，对 4 名一线抗疫工作者家属发放人道救助金合计 39 万元；对 43219 名一线医务工作者每人发放人道救助金 3000 元、合计 1.3 亿元，对 800 名血浆捐献者发放人道慰勉金合计 240 万元。

抗疫专项审计报告

The year 2020 saw the outbreak of COVID-19 worldwide. Faced with the unprecedented, enormous challenge, CRCF acted with firm resolve to put in place the principles from General Secretary Xi Jinping's major addresses and the Party Central Committee's decisions and plans. Guided by the arrangements made by RCSC for epidemic prevention and control, we launched the "CRCF Epidemic Prevention and Control around You" special campaign to mobilize humanitarian resources with an unprecedented coverage, and to raise money and supplies the drive to fight the epidemic urgently needed. By December 31, 2020, CRCF has raised money and supplies totaling RMB 1.978 billion, and successfully delivered up to 99.9% of them.

In this battle against COVID-19, CRCF always fought on the front lines of emergency aid, humanitarian assistance and international rescue, from Wuhan to China to the world, to make available what the drive to fight the epidemic urgently needed. The anti-epidemic humanitarian actions we took put in place the Red Cross's fundamental principles of "humanity, fraternity and devotion" and the philosophy of fostering a community with a shared future for mankind. This is how we passed the anti-epidemic "final exam".

i. Actively Extending Humanitarian Aid to Front-line Anti-epidemic Workers

The sudden epidemic saw medical workers stick to their posts and fight on the front line of fighting COVID-19. They made enormous efforts and sacrifice in this battle against the virus.

Backed by ByteDance, Feihe Dairy, yongyou, Xiang Piao Piao Food and BHP Billiton, CRCF appropriated RMB 568 million to provide humanitarian aid for front-line anti-epidemic workers. Of the appropriation, RMB 367 million was offered to 3,670 infected medical workers, RMB 67.478 million to families of 64 medical workers who died at their posts, RMB 390,000 to families of 4 front-line anti-epidemic workers, and RMB 130 million to 43,219 front-line medical workers (RMB 3,000 per capita), as a means of humanitarian aid. On top of that, totally RMB 2.4 million was offered to 800 plasma donors, as a means of encouragement.

中国红十字基金会字节跳动医务工作者人道救助基金

The CRCF and the humanitarian relief fund for medical workers

2020 年 1 月 25 日，农历大年初一。北京字节跳动向中国红十字基金会捐赠 2 亿元成立“中国红十字基金会字节跳动医务工作者人道救助基金”（简称“医务人道救助基金”），为抗击新冠肺炎疫情的全国一线医务工作者提供人道救助。基金成立以来，字节跳动多次追加捐赠，且接受了一些企业和个人定向捐赠。其中包括字节跳动三万多名员工的捐赠和公司 1:1 配捐，字节跳动创始人、CEO 张一鸣 1 亿元捐赠，源码资本、大朴资产、南开校友企业家联谊会等多家企业、社会组织和个人的自发定向捐赠。医务人道救助基金资金总额达 4.46 亿元，是抗疫期间成立最早、资金规模最大、救助数量最多的医务人道救助项目。

截至 2020 年 12 月 31 日，基金为八十四批共 3734 名（共 3737 人次）抗击疫情医务工作者提供人道救助。其中，为 3670 名因抗击疫情而不幸感染的医务工作者，每人资助 10 万元；为 64 名因抗击疫情而不幸殉职的医务工作者，每个家庭资助 100 万元。

医务人道救助基金于 2020 年 5 月 12 日启动

为期一年的“安心计划”医务心理支持项目，联合中国心理学会、中国科学院心理研究所的专家团队，为对医务工作者及家庭免费提供心理支持服务。截至 2020 年 12 月 31 日，共为 225 名医务人员开展 304 次一对一心理支持。

On January 25, 2020 (the first day of the year in the traditional Chinese calendar), ByteDance donated RMB 200 million to CRCF to create CRCF ByteDance Humanitarian Relief and Aid Fund for Health Workers (“Humanitarian Relief and Aid Fund for Health Workers”). Since the establishment of this fund committed to giving humanitarian aid to medical workers on the front line of fighting COVID-19, ByteDance has made multiple supplementary donations. Alongside that, the Fund received directional donations from enterprises and individuals, including donations from over 30,000 workers of ByteDance and the matching gifts from the employer, RMB 100 million from founder and CEO of ByteDance Zhang Yiming, and directional donations spontaneously made by Source Code Capital, Da Pu Asset Management and Nankai Alumni Entrepreneur Fellowship as well. With a total amount of up to RMB 446 million, the Fund is the medical worker-specific humanitarian aid project with the longest history, most fund and most recipients among the projects rolled out for fighting COVID-19.

By December 31, 2020, it has provided humanitarian aid for 3,734 anti-epidemic medical workers (3,737 person-times) across 84 batches. Of these recipients, 3,670 medical workers who were infected in the course of fighting COVID-19 respectively received RMB 100,000, and the families of 64 medical workers who died in the course of fighting COVID-19 respectively received RMB 1 million.

Under the project, it joined expert teams of the Chinese Psychological Society and the Institute of Psychology, CAS in delivering mental support services to medical workers and their families for free. By December 31, 2020, totally 304 times of one-for-one mental support services have been provided for 225 medical workers.

面对抗疫一线医疗物资急缺的情况，中国红基会迅速动员社会资源，采购抗疫急需物资，并派出工作组赴武汉一线，专人对接捐赠物资接受、清点和发放，将社会的关爱第一时间送达至抗疫一线。在飞鹤乳业、贝壳找房、高通公司、慈济基金会等爱心企业和社会力量支持下，中国红基会安排资金 2.62 亿元，紧急采购双负压救护车、口罩、防护服、呼吸机、体外膜肺氧合机、血浆运输冷藏车、托珠单抗药品等抗疫急需物资 505.6 万件，驰援一线。

ii. Assisting Medical Institutions with Epidemic Prevention and Control

Medical aid is what matters most to fighting COVID-19 across the country. Health workers stand at the forefront of medical aid, and medical institutions run on the front line of lifesaving. Backed by multiple caring enterprises like Feihe Dairy, Yili, Eastroc Beverage, SoYoung, Junlebao, L'Oreal China and Takeda China, CRCF swiftly allocated RMB 175 million to support the building of and purchase of anti-epidemic supplies for 14 designated medical institutions like Huoshenshan Hospital, Leishenshan Hospital and Huanggang's makeshift hospital for epidemic prevention and control.

iii. Purchasing Supplies Urgently Needed on the Front line of Fighting COVID-19

In light of a serious lack of medical supplies on the front line of fighting COVID-19, CRCF promptly mobilized social resources to purchase what the drive to fight COVID-19 urgently needed, and dispatched working groups to Wuhan with workers specially assigned to receive, count and issue donated supplies. This is how we worked to allow the front line of fighting COVID-19 to feel the love from all walks of life, without any delay. Backed by caring enterprises like Feihe Dairy, Beike Zhaofang, Qualcomm and non-governmental organizations like Tzu Chi Foundation, CRCF appropriated RMB 262 million to swiftly purchase 5.056 million pieces of supplies urgently needed to fight COVID-19, such as dual negative pressure ambulances, facial masks, protective clothing, respirators, ECMOs, refrigerator cars for plasma transportation and Tocilizumab.

（六）为受疫情影响孕产妇等困难群众送去关爱

受疫情影响，生活物资生产和运输无法如常进行，广大母婴群体日常所需的奶粉等生活物资短缺，他们的生活所需和健康安危备受关注。为满足母婴群体的需求，保障他们的正常生活所需，中国红基会联合伊利、雅培、君乐宝、惠氏等企业，通过互联网平台向受疫情影响的孕产妇发放奶粉等营养品价值 2.26 亿元。

iv. Providing Support for Red Cross Patient Transfer Fleets and Encouraging Cured Patients to Donate Convalescent Plasmas

After the epidemic broke out, RCSC selected competent persons to set up Red Cross patient transfer fleets, which ran to Wuhan to undertake tasks of transferring COVID-19 patients. In view of that, CRCF swiftly collected negative pressure ambulances and other medical supplies as a way to support the setup of those fleets. Totally, those fleets transferred 10,572 patients, including 3,490 patients in critical conditions. On top of that, the organization joined the national Red Cross system to motivate 2,765 cured patients to donate convalescent plasmas, thereby collecting 574,000 liters of plasmas and helping 1,689 patients in critical conditions. Meanwhile, we joined forces with caring enterprises like Evergrande Group to issue funds to convalescent plasma donators as a means of encouragement, and to launch a project named “Gift Bags of Love for Convalescent Plasma Donators” to praise those who “Defeated COVID-19 with Resolve and Donated Plasmas with Fraternity” and enlightened others’ lives with incomparable love.

v. Organizing Red Cross Volunteering Services like Anti-epidemic Disinfection

CRCF partnered with Peaceland Foundation, Blue Sky Rescue, Beijing Ren Ai Charity Foundation and the “Safeguarding Wuhan” fleet to deliver community-level volunteering services of joint prevention and control that totaled 71,000 hours. Along with that, CRCF Anti-epidemic Disinfection Volunteering Service Team was set up involving Weifang Pioneer Emergency Rescue Promotion Center, Lingjun Public Benefit Rescue Center, Blue Sky Rescue, Condor Rescue and Liaocheng Special Operation and Rescue Team. The team went deep into Wuhan, Huanggang, Xiaogan, Yichang, Jingmen and Jingzhou to carry out anti-epidemic disinfection in a range of key areas like medical institutions and mobile cabin hospitals, disinfecting a total area of over 4.7 million square meters.

vi. Aiding Affected Pregnant and Delivery Women and Other People in Need

In the course of the epidemic, pregnant women, delivery women and infants were in lack of milk powder and daily necessities, the production and transportation of which was hindered by COVID-19. As such, their needs and health were of great concern. To meet these groups’ demands in daily life, CRCF worked in collaboration with Yili, Abbott, Junlebao and Wyeth to distribute milk powder and other nutriment totaling RMB 226 million to affected pregnant and delivery women, via online platforms.

（七）捐赠核酸检测试剂

精准、快速、简便的诊断试剂，被称为医护人员的“眼睛”，也是让新冠病毒现出原形的利器。面对突如其来的疫情，全国各地急需新冠病毒核酸检测试剂。中国红基会联合圣湘生物、友康恒业支持武汉、北京、辽宁等地核酸检测 1701732 人份、价值 9791 万元。

（八）积极助力校园复课和湖北复工复产

启动安全校园行动，为全国 243 所学校提供医用口罩、额温仪等防控物资 90.2 万件。中国红基会“广汽丰田公益基金”为该基金在全国援建的 21 所博爱小学的师生送上“安心开学礼”，包括防护用品（口罩及免洗洗手液）和文具，助力师生们安全安心复学复课。

2020 年 5 月 8 日，世界红十字日之际，中国红基会启动“打造你的公益厨房——520 我爱你湖北”公益直播带货活动，帮助湖北特色农副产品出村增收，助力湖北复工复产。截至 6 月 10 日活动结束，共有来自湖北省 16 个地市（州）的 1056 个产品报名参与活动，公益直播带货 630 场次，助销 848.45 万元。

新冠肺炎疫情是全人类面临的共同挑战。2020 年 3 月，国际疫情防控形势严峻，按照中国红十字会援外工作部署，中国红基会广泛动员社会力量募集资金和防护物资，在恒大集团、上海绿谷制药有限公司、石家庄以岭药业股份有限公司、上汽通用五菱等企业支持下开展国际抗疫人道援助，为全球抗疫提供力所能及的支持，累计向伊朗、伊拉克、巴基斯坦等 16 个亚洲国家，意大利、克罗地亚等 10 个欧洲国家，埃塞俄比亚、阿尔及利亚等 13 个非洲国家，美国、墨西哥、古巴、基里巴斯等 5 个美洲和大洋洲国家、共 44 个国家提供抗疫紧急人道物资援助。

vii. Donating NAT Reagents

Dubbed “eyes” of medical workers, precise, sensitive, convenient diagnostic reagents are instrumental to revealing COVID-19. Amid the sudden epidemic, NAT reagents were urgently needed across the country. In light of that, CRCF joined with Sensure Biotech and Yocon to assist with 1.701732 million times of NATs totaling RMB 97.91 million in Wuhan, Beijing and Liaoning.

viii. Assisting the Resumption of Classes across Schools and Resumption of Work and Production in Hubei

Beyond that, CRCF GAC Toyota Public Benefit Fund gave “school opening gifts”, including masks, no-wash hand sanitizer and other protective articles and stationery, to teachers and students of 21 Red Cross primary schools, the construction of which was completed with its aid. This is how CRCF helped teachers and students resume classes safely and securely.

On May 8, 2020, the World Red Cross Day, CRCF launched a public-benefit live commerce activity titled “I Love Hubei: Building Your Public-benefit Kitchen”. By June 10, 2020, this activity aiming to help peasants in Hubei increase their incomes by selling agricultural and sideline products and enable resumption of work and production in the province has witnessed 630 live commerce sessions that involved 1,056 products enrolled from 16 prefectures of the province and registered RMB 8.4845 million in sales amount.

On March 23, 2020, in the context of the joint efforts made by RCSC and Evergrande Group to provide international humanitarian aid for fighting COVID-19, Evergrande Group donated RMB 100 million to establish Evergrande International Anti-epidemic Aid Fund (“Evergrande Fund”) under CRCF, as an approach to humanitarian aid to countries and regions hit hard by the epidemic. What was delivered by Evergrande Fund included medical supplies and protective supplies the recipient countries urgently needed.

By the end of 2020, guided by the general plan RCSC made, Evergrande Fund has purchased anti-epidemic supplies totaling RMB 43.038 million at the request of the recipient countries, including 480,000 pieces of N95 masks, 1.95 million pieces of surgical masks and 100 respirators. By doing so, humanitarian aid has been provided for 38 countries: the US, Japan, Mongolia, South Korea, Croatia, Bosnia and Herzegovina, Mexico, Sri Lanka, Kuwait, Greece, the Philippines, France, Montenegro, Albania, Burkina Faso, Singapore, Georgia, Democratic Republic of the Congo, Haiti, Djibouti, Malawi, Uganda, the UK, Portugal, Equatorial Guinea, Guinea, Zimbabwe, Kyrgyzstan, Central Africa, Ivory Coast, Niger, Cuba, Pakistan, Algeria, Afghanistan, Kiribati, Myanmar and Tajikistan.

As a step to thoroughly put in place the principles from General Secretary Xi Jinping's “2.23 Major Address”, we did our all to promote the delivery of donated money and supplies, make donation information more transparent, and to enable donors' love to be promptly felt. To meet the general requirements for efficiency and transparency, we adopted a non-conventional working

疫情先进集体”称号。

加大信息公开力度，在官网、官方微博、公众号平台滚动公示捐赠信息。策划推出“小红鞠躬致谢捐赠人”公示板块，累计发布捐赠款物使用信息 52 批次。接受了国家审计署的专项审计和中央巡视组的巡视，聘请第三方机构开展了专项审计。经过不懈努力，仅用不足半年时间，就完成了近 20 亿元捐赠款物的接收、执行和信息公开，创造了重大专项救援行动募集款物最多、执行时限最短、受益面最广、公开透明度最高的非凡成绩。中国红十字基金会获评 2020 年度透明慈善公益基金会。

mechanism that featured the supplies purchase shift, logistics shift and other 10 special shifts. This is how we sped up the delivery of donations to enable “Fast In Fast Out” and precision partnering between donators and recipients. From February 1 to June 24, we dispatched 5 working groups to reside in Wuhan and urge donations to be directly delivered to end-user units. Despite international logistics badly hindered by the global epidemic, CRCF overcame various difficulties to allow donations to reach 44 countries across 5 continents. Attributed to these endeavors, the organization was titled “RCSC Drive to Fight COVID-19: Advanced Collective”.

As part of our efforts to make donation information more transparent, we published donation information cyclically. For example, information about the use of totally 52 batches of donations was published in the announcement section named “Little Red Thankfully Bow to Donators”. Furthermore, we welcomed the National Audit Office and the Central Inspection Team, and engaged a third-party body to conduct a special audit in this regard. Thanks to unremitting efforts, we fulfilled tasks of receiving, delivering and disclosing donations of nearly RMB 2 billion within less than 6 months. As we hit a record high across quantity of raised money and supplies, delivery speed, coverage and transparency among major rescue initiatives for fighting COVID-19, CRCF was honored as “Transparent Public-benefit Charitable Foundation 2020”.

“心拯救”暨急性心肌梗死急救一包药公益捐赠项目

“Saving Heart with a Medicine Package” Program of Acute Myocardial Infarction (AMI) First Aid Package of Medicine Donation Project

中国红基会与阿斯利康中国于 2015 年 4 月共同发起“心拯救”急性心肌梗死急救一包药公益捐赠项目（简称“急救一包药”），通过全国具备急性心梗接诊和救治能力的医院/急救指挥中心，免费向急性心梗患者捐赠双联抗血小板药物（替格瑞洛 180mg+ 阿司匹林 300mg）。同时，针对急性心梗合并高脂血症（适应症）的患者，增加瑞舒伐他汀（20mg）捐赠。

急性心梗救治的关键是要尽早启动双抗治疗，最大限度缩短早期救治时间。急救一包药项目优化急性心梗患者的救治流程，使患者在第一时间服用药物，大大缩短宝贵的救治时间。2018 年，该项目荣获由国家民政部颁发的第十届“中华慈善奖”。

2020 年，为最大限度降低急性心梗患者 PCI 术后不良心脏事件的发生风险，强化其住院期间抗血小板治疗，项目在“急救一包药”的基础上，探索“住院一包药”模式，将项目资助周期延长至患者住院期。年内逾 5000 家项目医院的 7 万余名医护人员参与其中，新增受益患者约 21 万人，累计受益患者突破 260 万人。

In April 2015, CRCF and AstraZeneca China jointly launched the “Saving Heart” Program of Acute Myocardial Infarction (AMI) First Aid Medicine Package (the “Medicine Package Program”), to donate dual antiplatelet medicine (ticagrelor 180mg + aspirin 300mg) to patients with acute myocardial infarction for free through hospitals/emergency command centers with the capacity to receive and treat acute myocardial infarction throughout the country. Meanwhile, more rosuvastatin (20mg) was donated for patients with acute myocardial infarction with hyperlipidemia (adaptation disease).

The key to the treatment of acute myocardial infarction is to initiate dual antiplatelet therapy (DAPT) as early as possible to minimize the early treatment time. The Medicine Package Program has optimized the rescue and treatment process of AMI patients, so that they can take the medicine in the first time, which has greatly shortened the precious treatment time. In 2018, the program with the 10th “China Charity Award” issued by the Ministry of Civil Affairs.

In 2020, in order to minimize the risk of MACE after PCI surgery of AMI patients, and strengthen the antiplatelet therapy during hospitalization, based on the Medicine Package, the program explored the “Hospitalization + Medicine Package” mode and extended the period of funding to over the hospitalization. In the year, over 70,000 health workers from over 5,000 hospitals covered by the program participated in it, and about 210,000 new patients benefited from it, adding the total number of patients benefiting from the project to over 2.6 million.

In 2020, the Chinese Red Cross Foundation promoted the transformation of the "Red Cross Crowd-funding Competition for Poverty Alleviation" into a sustainable, normalized, and accessible public welfare project, leading to the emergence of the "Charity Kitchen". Upholding the concept of "Consumption is Charity, Purchase is Poverty Alleviation", the program has, by means of crowdfunding through e-commerce platforms, boosted the sale of agricultural products in poverty-stricken areas, and accurately connected and helped impoverished households to increase their income, successfully exploring a new model of "Internet + Targeted Poverty Alleviation" and forming a poverty alleviation chain of "Poverty Alleviation Leaders + Impoverished Farmers + Featured Agricultural Products + Crowdfunding". The "Charity Kitchen" consumption-based poverty alleviation campaign is an important measure taken by the national Red Cross system to resolutely promote poverty alleviation and rural revitalization.

In this project, the live broadcast for selling goods for public welfare was innovatively introduced. Among them, Actress Yang Tongshu, the promotion ambassador of Red Cross public crowd-funding poverty alleviation project sold "Red Cross Products" for poverty alleviation and agricultural assistance together with the anchor, attracting 277,000 online viewers and receiving 67,000 likes and interactions.

审计报告

Audit Report

审计报告

信会师报字[2021]第 ZB60004 号

中国红十字基金会理事会：

一、审计意见

我们审计了中国红十字基金会（以下简称贵会）财务报表，包括 2020 年 12 月 31 日的资产负债表，2020 年度的业务活动表、现金流量表以及相关财务报表附注。

我们认为，后附的财务报表在所有重大方面按照《民间非营利组织会计制度》的规定编制，公允反映了贵会 2020 年 12 月 31 日的财务状况以及 2020 年度的业务活动成果和现金流量。

二、形成审计意见的基础

我们按照中国注册会计师审计准则的规定执行了审计工作。审计报告的“注册会计师对财务报表审计的责任”部分进一步阐述了我们在这些准则下的责任。按照中国注册会计师职业道德守则，我们独立于贵会，并履行了职业道德方面的其他责任。我们相信，我们获取的审计证据是充分、适当的，为发表审计意见提供了基础。

三、理事会对财务报表的责任

中国红十字基金会理事会（以下简称理事会）负责按照《民间非营利组织会计制度》的规定编制财务报表，使其实现公允反映，并设计、执行和维护必要的内部控制，以使财务报表不存在由于舞弊或错误导致的重大错报。

在编制财务报表时，理事会负责评估中国红十字基金会的持续运营能力，披露与持续运营相关的事项，并运用持续运营假设，除非计划进行清算、终止运营或别无其他现实的选择。

理事会同时负责监督中国红十字基金会的财务报告过程。

四、注册会计师对财务报表审计的责任

我们的目标是对财务报表整体是否不存在由于舞弊或错误导致的重大错报获取合理保证，并出具包含审计意见的审计报告。合理保证是高水平的保证，但并不能保证按照审计准则执行的审计在某一重大错报存在时总能发现。错报可能由于舞弊或错误导致，如果合理预期错报单独或汇总起来可能影响财务报表使用者依据财务报表作出的经济决策，则通常认为错报是重大的。

在按照审计准则执行审计工作的过程中，我们运用职业判断，并保持职业怀疑。同时，我们也执行以下工作：

（1）识别和评估由于舞弊或错误导致的财务报表重大错报风险，设计和实施审计程序以应对这些风险，并获取充分、适当的审计证据，作为发表审计意见的基础。由于舞弊可能涉及串通、伪造、故意遗漏、虚假陈述或凌驾于内部控制之上，未能发现由于舞弊导致的重大错报的风险高于未能发现由于错误导致的重大错报的风险。

（2）了解与审计相关的内部控制，以设计恰当的审计程序，但目的并非对内部控制的有效性发表意见。

（3）评价管理层选用会计政策的恰当性和作出会计估计及相关披露的合理性。

（4）对管理层使用持续运营假设的恰当性得出结论。同时，根据获取的审计证据，就可能导致对中国红十字基金会持续运营能力产生重大疑虑的事项或情况是否存在重大不确定性得出结论。如果我们得出结论认为存在重大不确定性，审计准则要求我们在审计报告中提请报表使用者注意财务报表中的相关披露；如果披露不充分，我们应当发表非无保留意见。我们的结论基于截至审计报告日可获得的信息。然而，未来的事项或情况可能导致中国红十字基金会不能持续运营。

（5）评价财务报表的总体列报、结构和内容（包括披露），并评价财务报表是否公允反映相关交易和事项。

我们与治理层就计划的审计范围、时间安排和重大审计发现等事项进行沟通，包括沟通我们在审计中识别出的值得关注的内部控制缺陷。
